

President's Message
by Ron Kaita

Greetings chapter members. It has been one heck of a ride this year with all the activities on Fort Novosel and surrounding wiregrass communities. I'm sorry we had to cancel our last dinner meeting due to the required number of 30 attendees was not reached. The Landing has this policy in place to make it economical for them to support activities/functions to be somewhat profitable. With the cost of living, increases in consumer goods, and increased labor wages, the Landing is truly struggling to make ends meet. It is quite possible that the Landing may have to close if things do not improve. There is more to follow on this issue as the Garrison and Post leadership team make decisions on the way ahead on

this very important matter. As usual, our chapter activities have mostly centered around supporting the US Army Warrant Officer Career College (USAWOCC) events. Our recruiting of Warrant Officer Candidates has been very good adding Basic Membership numbers for our association with usually two or three recruiting events each month (224 for Aug/ Sep). On 18 September 2024, WOCS Class 24-24 (second to last for FY23) graduates 1000 hrs. at the Aviation Museum. If you never been to one of their graduations, it's a grand event and witness the appointment of the Army's newest Warrant Officer One (WO1). The last class for this FY 24 (WOCS 24-25) will graduate Tuesday, 24 September 2024.

As a shout out to our membership, it is election time for

our next Chapter President and Vice President. We will accept a new slate of chapter officers for next year. An announcement in December's dinner meeting will include the installment of next year's Chapter Leadership. If you had a chance to review our Treasurer's report on our chapter website, you will notice we are doing very well so our funding for this year's Holiday Food Donation for junior Soldiers thru Fort Novosel's Army Community Service (ACS) and our annual donation to MOAA Nation for student scholarships will be fully funded which are some of the reasons we are awarded MOAA's 5-Star Level of Excellence streamer which I have been notified that we have been awarded it again. Thank you for everyone's contributions to make our chapter one of the best (*see President's Message page 2*)

 Cancellations must be made by **NOON Friday October 18th.**
Cash or personal checks only!
 Persons not canceling their reservation by noon on Friday prior to the Dinner Meeting will be responsible to our Chapter Treasurer for full payment of the reserved meals.

(President's Message from page 1) (Above the Best) nationally and in the Alabama Council of Chapters (ALCOC).

Our next chapter dinner meeting will be at the Landing on 19 October 2024, at 1800 hrs with dinner served at 1900 hrs. We will have the pleasure of hosting Ms Shannon Smith from Congressman Moore's office. Please make every effort to attend as I am sure there will be much discussion and direction our representatives are taking us during this very important national election for President of the United States and those in the House and Senate. Please get out the vote and make your choice at the polls for our country and our Great State of Alabama.

As always, please take care of yourselves, your families, as well as prayers and well-wishes for our men and women who are deployed keeping us safe and secure. I wish all Chapter MOAA members, their families, retirees, and all veterans to always remember to live our lives by MOAA's motto...Never Stop Serving.

Membership Report by Othan Gilbert

Our chapter membership count is currently 121. It is noteworthy that 93 of our members are life members of National.

Not sure if you noticed but we have a new newsletter sponsor: Yancey Parker's in Enterprise. We welcome them. They have been in Enterprise for many years and offer a fine selection of clothing and other items. Please consider them for your needs.

In the coming weeks I will be sending out notices for annual dues which are still only \$12 a year. I would appreciate a prompt response.

There are 350,000 MOAA national members but only 15% belong to chapters and the average age of chapter members is 75. There are many MOAA National members in this area that are not, for various reasons, members of our chapter. It is apparent that we need to get some of our younger members to join our chapter. The best recruiter is you. If you are reading this column, then you know how much MOAA has meant to the military community (including enlisted). Please be a strong advocate of MOAA and see if you can get your friends to join MOAA on the national and local level.

The national MOAA website is moaa.org and our chapter website is fortrucker-moaa.org. Please check the chapter website from time-to-time as photos from our past dinners, minutes from our board meetings, and chapter finance reports are posted there. The phone number for MOAA National is 800-234-6622. If you would like to purchase a MOAA National life membership, it is better to do so by calling them direct and speaking with someone. If you do that (vs doing so over the web), they will give you a 10% discount, give you credit for your current premium membership (if applicable) and arrange payments over an extended period.

Remember to patronize the sponsors of our newsletter. They help to support the chapter and deserve our consideration.

Member Spotlight—Faye Swinehart

Faye was born in 1950 in Ozark, AL. She was raised in Elamville, AL, attended Barbour County High School, and graduated in 1968. She attended Wallace Community College during the period 1968-1970. She met her future husband, Jack Swinehart, in 1970. Jack had been drafted in 1966 and was, at that time, a helicopter pilot who had trained at Fort Rucker, and had served in Viet-Nam as a pilot during 1969-1970. He was wounded during combat earning a purple heart. They were married at the Chapel of the Flags at Fort Rucker in 1972.

During his military service Jack earned an undergraduate degree and an MBA from Auburn. While on active duty, Faye and Jack lived in Auburn, Fort Benning, Fort Rucker, Germany, and Fort Knox. Jack also served in Korea while Faye remained in Ozark. Jack retired in 1986 as a Major after 20 years of active service and both moved to Fort Worth, TX where Jack worked for Bell Helicopter. They returned to Ozark in 2001 where Faye currently lives. After 43 years of marriage, Jack died in 2015. (He still had shrapnel in his face when he died.) They have two sons: now 48 and 44 and one granddaughter. Both sons are also graduates of Auburn. The oldest son lives in New Mexico and serves as a civilian fight instructor after serving in the Air Force and retiring as a Major. Her youngest son teaches English at various locations around the world and currently resides in Ozark.

Faye attends the Trinity Methodist Church in Ozark and is involved with various activities within the church. In addition, she has faithfully served on our Board of Directors as our Surviving Spouse Affairs Officer for several years.

PAUL HARVEY'S LETTER TO HIS GRANDCHILDREN—“We tried so hard to make things better for our kids that we made them worse. For my grandchildren, I'd like better. I'd really like for them to know about hand me down clothes and homemade ice cream and leftover meat loaf sandwiches. I really would. I hope you learn humility by being humiliated, and that you learn honesty by being cheated. I hope you learn to make your own bed and mow the lawn and wash the car. And I really hope nobody gives you a brand new car when you are sixteen. It will be good if at least one time you can see puppies born and your old dog put to sleep. I hope you get a black eye fighting for something you believe in. I hope you have to share a bedroom with your younger brother or sister. And it's all right if you have to draw a line down the middle of the room, but when he/she wants to crawl under the covers with you because he's scared, I hope you let him. When you want to see a movie and your little brother/sister wants to tag along, I hope you'll let him/her. I hope you have to walk uphill to school with your friends and that you live in a town where you can do it safely. On rainy days when you have to catch a ride, I hope you don't ask your driver to drop you two blocks away so you won't be seen riding with someone as uncool as your Mom. If you want a slingshot, I hope your Dad teaches you how to make one instead of buying one. I hope you learn to dig in the dirt and read books. When you learn to use computers, I hope you also learn to add and subtract in your head. I hope you get teased by your friends when you have your first crush on a boy/girl, and when you talk back to your mother that you learn what ivory soap tastes like. May you skin your knee climbing a mountain, burn your hand on a stove and stick your tongue on a frozen flagpole. I don't care if you try a beer once, but I hope you don't like it. And if a friend offers you dope or a joint, I hope you realize he/she is not your friend. I sure hope you make time to sit on a porch with your Grandma/Grandpa and go fishing with your Uncle. May you feel sorrow at a funeral and joy during the holidays. I hope your mother punishes you when you throw a baseball through your neighbor's window and that she hugs you and kisses you at Christmas time when you give her a plaster mold of your hand. These things I wish for you - - - tough times and disappointment, hard work and happiness. To me, it's the only way to appreciate life.” *Suggestion: show this to your kids and grandkids.*

Retired Officer Wives Association (ROWA) by Mary Jane Collins

From the beginning of our United States of America we have been honored to have leaders of patriotism that brought the honor of justice and peace to our country. From there our country has reached two hundred and forty eight years. May we ever remember that honor must be the foundation of our country.

As we enter autumn let us enjoy the season of harvest with the beauty of autumn colors a glow with joy.

Be mindful of the turning of the leaves, the harvest of the bounty, the most sacred of the holidays, the hunters return to the field, the getting in for the new school year, the return of the local, county and state festivals and fairs, the approaching elections. May God's blessings be on us all and may God bless America.

Church Humor—A little boy was waiting for his mother to come out of the grocery store. As he waited, he was approached by a man who asked, "Son, can you tell me where the post office is?" The little boy replied, "Sure, just go straight down the street a couple of blocks and turn to your right."

The man thanked the boy kindly and said, "I'm the new pastor in town, and I'd like for you to come to church on Sunday. I'll show you how to get to Heaven." The little boy replied with a chuckle, "Awww, come on; you don't even know the way to the post office!" *from www.makeitclearnow.org*

Legislative Report by Ray Collins

A bipartisan bill is being released in the Senate by Senator Rubio Florida and Senator Ossoff Georgia. The bill is called the Relocation Assistance for Military Families Act. The bill would require an in-depth review of relocation requirements and the assistance available to provide these requirements and the assistance available to meet these issues.

We spend a considerable amount of time each year talking about the failures of various entities in preparing, promoting, and implementing the Federal Budget. This year has every sign that this will be the 27th year our country has entered the new year without a completed budget process.

Some of the fallout from failure to complete the budget process including the following.

WASTED TAX DOLLARS. For instance, the continued resolution for 2019 cost DOD 19 billion dollars.

POOR EXAMPLE. The members of the military for example are required to care for their equipment, their bodies and any entity of value to the best of their ability.

EROSION OF TRUST How do we form a sincere trust in an entity that can't figure a cost to operate and implement strategies to accomplish that operation.

SIMPLE SCHEDULING. Congress always finds a way to go into recess for the month of August. Is it unreasonable to expect Congress to abide by their entire schedule which includes passing a full budget before October One each year. It isn't like they are caught off guard.

Congress is still working on funding the Star Act.

No outstanding bills. Scholarship Fund= \$186.00.		

Guest Speaker—Shannon was born and raised in Enterprise, AL. Graduated from Enterprise High School and Enterprise State Junior College. She received her Bachelor's degree in Business Administration from Troy University. In 1995 she met her helicopter pilot husband CW4 (Ret) Robert E. Smith. After her college graduation they moved within the Army Aviation Blackhawk Community for the next 12 years. In 2010, having three young children, the choice was made to retire in Enterprise. We all love to have grandparents around for help. Shannon's work background is mortgage lending, however, when helping her husband file his Veteran's Administration Disability Claim she found her passion. After multiple discussions with Barry Moore (then State Representative), she decided to help others understand the process. In 2021 she was hired by Congressman Moore to be a constituent advocate and field representative specializing in Veteran's Affairs, Social Security, and Medicare. Shannon's husband, Robert is a contract worker on Ft. Novosel, and they have three children ages 21, 21, and 20. They are members of Hillcrest Baptist Church and MOAA since 2010. She is on the board of the Republican Women of Coffee County and the American Legion Auxiliary in Enterprise.

She can be reached at: Shannon Poss Smith, 4370 Highway 51, New Brockton, AL 36351, Shannon.p.smith2022@gmail.com, 334-494-2753.

Prepare Your Heirs: 5 Tips for Passing on Retirement Accounts by Rachel L. Sheedy

“One of the most critical steps: having a conversation with your heirs.... You can share your values about money or your wishes for the legacy you want to leave and the financial security you want to pass on....

“The rules for inheriting traditional and Roth individual retirement accounts (IRAs) are similar to the rules for inheriting traditional and Roth 401(k) accounts....

“1. Naming beneficiaries is key.... You can name primary beneficiaries and contingent beneficiaries and decide how much of the percentage each beneficiary will get. Designating beneficiaries is a key step to ensure a retirement account can live beyond your lifetime.

“2. Retirement accounts pass outside the will.... Retirement accounts actually pass outside the will to the named beneficiaries. If the heirs named in your will are different than the ones named as beneficiaries on your retirement accounts, the retirement accounts will go to the listed account beneficiaries....

“3. Different types of heirs have different rules.... The Secure Act changed the rules for who could stretch out distributions from inherited retirement accounts and for how long....

“4. Surviving spouses have the most flexibility.... While surviving spouses fall into the eligible designated beneficiary category, they actually have the most flexibility of any heir. Spousal heirs can choose to take inherited retirement accounts as their own. All the rules that apply to a retirement account owner would then apply....

“5. Inheriting Roths offer an advantage.... After the Secure Act shortened the holding period for inherited retirement accounts for many nonspouse beneficiaries, Roth accounts became even more appealing. An heir who inherits a Roth doesn't inherit a tax bill. Those who inherit large accounts that can no longer be distributed over a lifetime particularly could benefit from inheriting tax-free Roth accounts....”

WORDS MATTER—I recently taught a Sunday School Class lesson that discussed the fact that words matter to God. He keeps a record of our words. Jesus said, "I tell you that on the day of judgment people will have to account for every careless word they speak" (Matthew 12:36). I told the story about a black farmer who grew excellent quality corn. Every year he won the award for the best grown corn. One year a newspaper reporter interviewed him and learned something interesting about how he grew it. The reporter discovered that the farmer shared his seed corn with his neighbors. "How can you afford to share your best seed corn with your neighbors when they are entering corn in competition with yours each year?" the reporter asked. The farmer said, "Why sir, didn't you know? The wind picks up pollen from the ripening corn and swirls it from field to field. If my neighbors grow inferior corn, cross-pollination will steadily degrade the quality of my corn. If I am to grow good corn, I must help my neighbors grow good corn."

So, it is with our lives. Those who want to live meaningfully and well must help enrich the lives of others, for the value of a life is measured by the lives it touches. And those who choose to be happy must help others find happiness, for the welfare of each is bound up with the welfare of all. And so, it is with our words. They travel - - - on the wind - - - like pollen - - - like a virus. They can either build up those around us by our words of encouragement, support, uplifting, promotion, and praise. Those around us can then build up those around them. Or, we can use words that humiliate, tear down, criticize, hurt, and destroy those around us. If we do the former, judgment day might be a little easier for us. If it's the latter, we will be a cancer on the very fabric of our society. *contributed by Frank Estes*
